Reflections

Upward, Onward and Forward
2018

Rev. LeRoy Zemke, Pastor

A New Year is unfolding with its hopes, promises and unpolished dreams of what can be, or what might be. Allow me to share some of the new and unfolding events in our ministry.

The Temple is stretching its wings! Images of the future are shaping themselves in some very exciting and long term ways for the year ahead and beyond.

The refurbished church and Bookstore Lobby. Renovations are approximately one half completed. Appropriate tables and chairs for our members and friends are “appearing” as possible choices. A Mediterranean credenza has graced our freshly painted lobby since September. Elegant new window treatments grace our lobby windows. Unique wall hangings are being considered. It’s an inspired look, updated and vibrant!

Our Music Department is breaking out all over. New audio equipment and additional new overhead lighting to support performers, is planned. A raised stage for musicians and performers is being created! It’s very exciting to see this long desired dream come into reality. Watch for weekly developments in the new year.

Throughout the year various other projects are in a step by step process.

Since summer, Rev. Marvin Shepherd has been coordinating the media development of the Temple.

This includes local advertising and all the social media outreach such as meet up, facebook, and our Temple website etc. It’s an important area of outreach for the future.

Louise Fimlaid, along with the Ministry Team, adds classes and new programs to our outreach. Every month new and familiar faces are returning to teach and inform our members and friends. It’s one of our outstanding on-going educational outreach aspects of the ministry.

Our “new” Assistant Pastor, Rev. Karmene Lusia marks the start of her 2nd year as of January 1, 2018. Her radiant presence, gracious and compassionate heart and leadership skills bring depth and focused spiritual vision to the Temple’s unfolding growth. She adds an enthusiastic and powerful support all across the ministry.

Most thrilling is the opportunity for all of our members and friends to participate in a significant financial focus for the Temple’s future.

Sometime in the early part of 2018, we will provide a carefully crafted giving program toward unique and spiritually important areas in the Temple. More details will be available at our February 4th Membership Meeting.

This is our beloved church. All are invited to attend and to participate as we move upward, onward and forward.

*Sign up early, At least 6 students
are needed to begin this class.*

Description of Class: If you ever wanted to learn astrology this is your chance. It will involve the following elements: Introduction to astrology, its history and how it applies to the individual's life and spiritual growth and soul's purpose. Each class will be focused upon some aspect of each of the signs, houses, or planets and where they are positioned in the chart. This class will be the beginning class in a series of Astrology courses that can lead to certification with the *American Federation of Astrologers*.

Astrology is a science of the future. Birth charts and analyses are as common as birth certificates and yearly medical checkups. It is akin to psychology, which helps to eliminate problems and restore balance to mind and body.

As an Astrologer, Louise believes that the soul chooses the moment of birth, which places itself in alignment with the planets to bring about the events needed in this lifetime for the soul's evolution. Once the die is cast, we are born to fulfill our destiny. Events happen when we are ready for them and your soul's level tells how we will work them through in order to attain a higher level of evolution. Our astrological chart verifies these events.

Louise Fimlaid, p.m.a.f.a. is a professional member of the American Federation of Astrologers. She is an astrologer, metaphysical teacher and author with over 45 years of experience. She is the author of "*Timetable of Life, The Spiritual Study of the Tarot*" which includes the kabalah, numerology, and astrology as well as many other courses.

BEHIND THE ROLES WE PLAY

**Saturday Jan. 27, 12:30-3:30
\$20**

Instructor Gail DiNoia

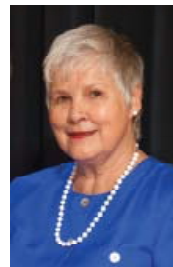

Did you know that key events occur in our lives every 7-9 years? These events are often associated with roles we play at various stages of our life---and behind each role are beliefs about how we should act.

In *The Four Agreements* , Don Miguel Ruiz says that, as children, we became “domesticated” by our parents, teachers, and ministers. In other words, we learned how to act in order to please others, gain rewards and avoid punishment. Eckhart Tolle in “*A New Earth*” tells us: “Your thinking--the content of your mind--is conditioned by the past: your upbringing, culture, family background, etc.”

We might be surprised to discover that we may still hold beliefs that are no longer true for us. If we want to uncover thinking patterns behind the masks we wear, do not miss this thought-provoking and fun-filled workshop. Together we will:

- Identify key events in our life
- Associate the events with roles we have played
- Review beliefs that were established long ago
- Determine what beliefs may no longer truly serve us
- Learn how to release old beliefs
- Complete a personal “coat of arms about our life”

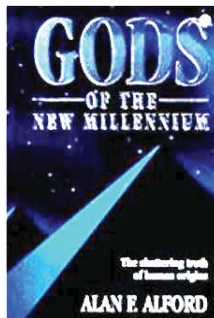

Gail DiNoia is a workshop facilitator, coach, teacher, and writer. She has led workshops on various topics, facilitated caregiver support groups, taught metaphysical classes, and led church-sponsored study groups. She has been a student of metaphysical studies for the past 45 years and has completed many diverse courses of study including Numerology. Gail was an active member of The Temple of The Living God for several years prior to moving to Sarasota FL.

GODS OF THE NEW MILLENNIUM

By Alan Alford

WHERE DID WE COME FROM AND WHY ARE WE HERE?

For ten years Alan Alford personally visited the many anomalous places he describes in this book motivated by a pursuit of truth as well as a thorough review of existing literature to provide answers to the questions which everyone is asking.

What is the nature of the path we tread and where does it lead?

We entrust these deep questions to Religion and Science, the mainstays of modern society, but do they really offer us a path to the truth? Are we the product of a Divine Creation, did we evolve through natural selection, or is there another possible answer?

Wishing you a year that is filled with all the fragrance of roses, illuminated with all the lights of the world and be blessed with all the smiles on the planet.

A new year is like a blank book, and the pen is in your hands. It is your chance to write a beautiful story for yourself. Have a wonderful New Year.

“Your success and happiness lies in you. Resolve to keep happy, and your joy and you shall form an invincible host against difficulties.”

You are invited to attend a Workshop on Dreams

DREAM ANALYSIS
A WAY TO LISTEN TO GOD

Instructor Louise Fimlaid
Saturday February 10, 12:00-3:30 p.m.

BRING A DREAM
\$20

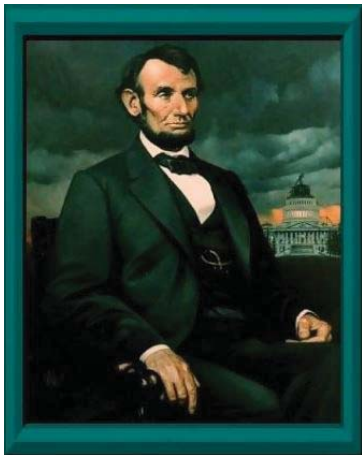

Throughout the Bible there have been those who dreamt and those who would interpret the dreams. Dreams reveal forgotten depths of the human being and our connection to the spiritual world that surrounds us. These dreams are messages that come from our higher self which can guide us in resolving inner conflicts. When we sleep, we block out distractions, and at that time our subconscious and soul finds a way to make us realize what is really going on in our lives and how it is affecting us.

This workshop is designed to teach us how to interpret our dreams. Many times there is a dream that we repeat over and over. The planet Neptune, which is responsible for our imagination, sets the stage and is the script writer. The game is to find the clues, which allow us to solve the mystery. Knowing this technique will tell us the hidden message that belongs to only you.

Without this knowledge and tools to decipher these dreams, we are left with only a movie that entertained or scared us. What images are in our dreams appear there as props? Each of us is everything in our dream and everything has a special meaning relating to what we are dealing with at the present time. The use of this information will allow us to understand what our inner self is attempting to reveal to us.

*A prerequisite to attend the class is to **BRING A DREAM**. In class each one will draw his/her dream on a very large piece of paper for the class to see. Louise will take us on a dream walk, which will show us how to interpret future dreams.*

Abraham Lincoln
February 12, 1809

The earliest known observance of Lincoln's birthday occurred in Buffalo, New York, in 1860. Julius Francis (d. 1880), a Buffalo druggist, made it his life's mission to honor the slain president. He repeatedly petitioned Congress to establish Lincoln's birthday as a legal holiday.

The day is marked by traditional wreath-laying ceremonies at Abraham Lincoln Birthplace National Historic Site in Hodgenville, Kentucky, and at the Lincoln Memorial in Washington, D.C.. The latter has been the site of a ceremony ever since the Memorial was dedicated. Since that event in 1920, observances continue to be organized by the Lincoln Birthday National Commemorative Committee and by the Military Order of the Loyal Legion of the United States (MOLLUS). A wreath is laid on behalf of the President of the United States, a custom also carried out at the grave sites of all deceased U.S. presidents on their birthdays. Lincoln's tomb is in Springfield, Illinois.

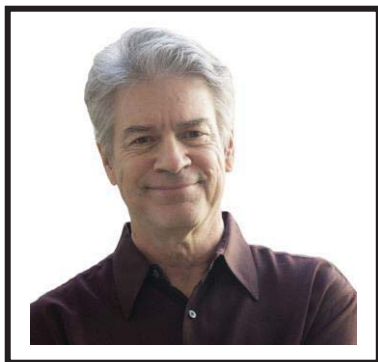

As part of Lincoln's birthday bicentennial, the U.S. Mint released four new Lincoln cents. The commemorative coins have new designs on the reverse showing stages of his life. The first went into circulation on September 12, 2009. The standard portrait of Lincoln's head remains on the front. The new designs include a log cabin representing his birthplace, Lincoln as a young man reading while sitting on a log that he was taking a break from splitting, Lincoln as a state legislator in front of the Illinois Capitol, and the partially built dome of the U.S. Capitol.

Abraham Lincoln is remembered for his vital role as the leader in preserving the Union during the Civil War and beginning the process (Emancipation Proclamation) that led to the end of slavery in the United States. He is also remembered for his character and leadership, his speeches and letters, and as a man of humble origins whose determination and perseverance led him to the nation's highest office

Chiron Healing® is Coming Back to the Temple

Sunday February 18 – 12:30 – 2:30 p.m.

This will be a FREE 2-hour overview of Chiron Healing® – Its origination and the basic tools and techniques employed.

Lonnie Joseph Nichols

Lonnie Joseph Nichols will facilitate a 16-hour Chiron Healing® Workshop.

Friday February 23 – 6:30 - 9:30 p.m.

Saturday February 24 – 9:30 a.m. - 6:00 p.m.

Sunday February 25 – 1:00 p.m. - 6:00 p.m.

Total cost for this 16 hour Chiron Healing Course \$190 (scholarships available)

This 3-day workshop (16 hrs.) will provide the student with many tools and techniques for self-healing and healing others utilizing Chiron Healing®. All attendees will participate, practicing the tools, and will receive a Chiron Healing® I manual and certificate of attendance.

Chiron Healing is a beautiful modality that supports the healing of physical, mental, and emotional issues through the re-balancing and re-aligning of the etheric levels. It sees all matter as an expression of energy and works deeply by clearing, repairing and strengthening the etheric pattern. The anatomy of the Etheric Pattern is geometrically arranged in Diamonds, Triangles, and Lines of Energy in a type of "sacred geometry". These aspects are re-aligned and re-balanced by the Chiron healer, allowing the physical body and feeling centers to come into balance and heal.

Stress, trauma, fatigue, illness, hormonal balance and more can all be reduced greatly with the use of these techniques, which can be applied for self-healing as well. Structural issues also, such as TMJ and the spine can be helped. In addition, techniques for 'energetic protection' remote healing, and the release of past traumas will be taught during this workshop.

First initiated in the 1980's by the late Jan Thomas and the late Dr. Trevor Creed, both of Australia, Chiron Healing®, can clear blocks and trauma, seal "energy drains", bring clarity to the mind, relax the nerves, balance the etheric & feeling bodies and relieve back pain.

Lonnie holds a Bachelor's degree in Physics, a Master's Degree in Project Management and has been a certified massage therapist. A student of original founder Dr. Creed himself, Lonnie recently was re-certified in four levels of Chiron Healing. He has been a practitioner of healing modalities for over 35 years, established a healing center in Nevada and has also authored various books, including *The Soul as Healer*. He utilizes sound, color, essential oils and the etheric/mental levels of the individual in his work and focuses on the use of affirmation and visualization as great starting points for healing. Lonnie believes in the co-creative process of healing -- one must be open and receptive to healing energies, as all permanent healing starts from within. He is also a life-long musician and is currently marketing his latest work: *Endpoint*, a sci-fi fantasy screenplay.

Individual healings can be scheduled by calling Lonnie at 520-282-1294.

Class attendees \$45per hr. Others \$65 per hr.
