On the Threshold of Light

“Always remember one thing: God is not far from you and you are not far from God.”

Swami Muktananda

Indeed, it appears that everywhere we are, the Source of Life is ever available, ever present, ever near. In a very real, personal and practical sense, it suggests that God’s Presence is not something we must hope for, beg for or plead for. It is already ours. We must allow ourselves to become open and receptive to It in every area of our life. The light, or inner essence of God is readily available to us!

The Light is not something we reach for in mystical states of awareness, or seek for in answer to prayer. It is not a sudden vision filled with pulsating emanations of light energy or a prophetic revelation. The inner light is more of the sense we have of the Holy, Divine, Sacred Presence that undergirds all form, all things, all people, all life experience.

To see the light either visually through normal physical vision or internally might be interpreted to signify that there is a connecting Presence that is Sourcing all life forms. And, that our duty is to become conscious of our personal relationship to that light, that power, that deep area of our being and recognize that indeed, we are children of the light!

As you stand on the threshold of light - wherever you are in your own consciousness - may the Source of that Light ennoble your life and fill it with the Peace that passes understanding.

Easter Sunday Service

**April 17

Speaker: Rev. LeRoy Zemke

What is Resurrection?

The graphic features a stylized tree with a dark brown trunk and branches. The canopy is composed of numerous small, colorful leaves in shades of green, yellow, and white. Above the tree, the words "LIVING LEGACY TREE" are written in a curved, orange, serif font. Several white doves are depicted in flight around the tree. At the base of the trunk, there are four small, yellow, rectangular shapes representing stones or plaques.

The **Living Legacy Tree (LLT)** is a way to provide a tribute/memorial by members and friends of the Temple. It is a tangible way for those who would like to support the vision, future growth and expansion of the Temple ministry. We invite you to pick up a complete brochure offering information for your individual participation.

The Leafaway Plan

In addition, we welcome you to consider using The Leafaway Plan to commemorate transitions, weddings, births or other special events and milestones on our Living Legacy Tree. This plan allows for you to participate individually or as part of a group, making your participation affordable and your tax-deductible contribution fit your budget.

Astro-insights by Carol (CJ) Bonni

March New Moon occurs on 3/2/2022 12:35 PM at 12 degrees of Pisces with expansive Jupiter and dreamy Neptune in a tight conjunction. Jupiter's promise is that any new project begun at this New Moon is sure to grow and Neptune adds a touch of magic. The message of this New Moon is to dream big dreams and don't be afraid to think outside the box.

March Full Moon occurs at 3:18 AM on 3/18/22 (Numerologists will certainly find something interesting about that!) at 27 degrees of Virgo, closely aligned with Pluto in Capricorn. The Sun at 27 degrees of Pisces is still very close to Neptune. So we still have the inspiration of Neptune affecting our consciousness, while the Full Moon in Virgo says, now is the time to put those dreams to some practical use.

April New Moon on April 1, 2022 (April Fools' Day) 2:24 AM at 11 Aries flanked by Mercury at 9 Aries and Kyron at 12 Aries. Mercury wears his "prankster" hat in this fiery sign of Aries, so be on your toes! Kyron so close to the New Moon adds a healing energy. The message of this New Moon is have some fun with Mercury and pay attention to the choices you make regarding your health.

April Full Moon on 4/16/22 at 2:55 PM at 26 degrees of Libra. Sun is at 26 degrees of Aries. Both Lights are near the end of their respective signs, but the energy is no less intense. We may be reacting to the Aries energy with some edginess but Libra in her own sign tells us to relax, and breathe in the Truth of balance in all things.

* * * * *

Here's your Sun Sign message for the March/April period:

Aries – New Moon -You can relax into the Pisces energy in March. Meditate more; perhaps any of the martial arts would hold special appeal for you at this time. Full Moon in March adds to your ability to focus your thoughts. April New Moon in your sign brings out the best in you. You are full of energy and ready to move forward. Full Moon in Libra brings harmony (and maybe a new romance) into your life.

Taurus – March New Moon in Pisces urges you to dance more. Full Moon in Virgo (opposite the Sun in dreamy Pisces) urges you to avoid overdoing food and drink (but the Pisces Sun says dance dance dance.) New Moon in April says try something new and different. April Full Moon has you looking forward to the energizing influence of the Spring season.

Gemini – New Moon in Pisces brings the calmness of water energy to your busy mind. Full Moon in March in Virgo helps you to focus your thoughts. April New Moon encourages you to put those now clearly defined goals into action. April Full Moon brings everything into balance.

Cancer – New Moon in Pisces awakens your creativity. Watch your dreams for inspiration. March Full Moon reminds you that you need nurturing too. April New Moon in the fire sign of Aries gives you the courage to stand up and be counted as worthy, just the way you are. April Full Moon energy reminds you that there is a season and a reason for everything.

Leo – March New Moon - Are you feeling overwhelmed by all that water energy? Relax and go with the flow. March Full Moon helps to ground you when you are feeling that emotional overload. April New Moon – Ahh Spring is in the air (only 2 days away) and you are feeling strongly motivated to start something new and fresh. April Full Moon – that new project can be brought to fruition now.

Virgo – March New Moon energy in Pisces brings a new awareness of the connection you have to life in all its forms. Full Moon in your sign of Virgo brings out the best in you. Shine on Virgo! New Moon in April has strong components in fire and air signs. Welcome the challenge to stay grounded. The Full Moon energy in Libra helps you with that grounding process.

Libra – New Moon in March may be a bit unsettling for you as an air sign. Channel that unsettled feeling into starting a new form of meditation. March Full Moon in Virgo helps you focus on details. New Moon in April brings a new appreciation for developing courage and decisiveness. Full Moon in April in your own sign gives you a chance to demonstrate your new found decisiveness.

Scorpio – March New Moon in Pisces. You love the element of mystery and magic of Pisces. Use this energy to develop your powers of intuition and spiritual growth. Full Moon in Virgo helps you to clarify any new insights recently gained under the New Moon. April New Moon – Falls on April Fool's Day. But Scorpio won't be fooled by the Prankster! April Full Moon – Lots of water and air energy in this full moon chart. Moon in Libra helps you to put it all in perspective and brings harmonious energy to you.

Sagittarius – The element of Fire is conspicuously missing in this New Moon chart. As a Fire sign, you may not be willing to

fully appreciate all the water and air elements at this New Moon. Nevertheless, the Pisces energy has great power to influence. Stop whatever you are doing and appreciate the beauty that surrounds you. March Full Moon in Virgo helps you to discern and decipher the messages that came through under the New Moon 2 weeks ago. April New Moon – you will very much enjoy trying to out-prank everyone who tries to fool you on this Fool's Day. April Full Moon in Libra – this energy brings harmony and balance to your life helps you to more fully appreciate the messages that the Universe has provided for you recently.

Capricorn – New Moon in Pisces brings a new appreciation for the interconnectedness of all things. Lots of Capricorn energy in the chart for the New Moon. You find this very comforting. Full Moon in March occurs in Virgo, another Earth sign. Her message for you is to use the insights gained while you were appreciating Pisces messages, for practical purposes. April New Moon in Aries. The message for everyone under this New Moon is to break out of whatever rut you might be in and start something new and different. This is especially for you Capricorn. April Full Moon in Libra – brings you into alignment with the energy of the New Moon 2 weeks ago. Concentrate on balance and harmony.

Aquarius – New Moon in March in Pisces inspires a fuller appreciation for music and the arts. Your mind is clear and receptive to messages in the music. Full Moon in Virgo brings a reminder to pay attention to your diet. New Moon in April suggestion for you is to begin a project that is daring and innovative. Lots of Aquarian energy in this New Moon chart showing that you have planetary support for this new project. Full Moon in April brings completion to any project started under the recent New Moon.

Pisces – March New Moon in your sign brings out the best in you. You are an inspiration to others now. Shine on Pisces! Full Moon for March is in Virgo. The energy of this moon brings your attention (which is likely to go off in many different and interesting directions) back into focus. April New Moon in the brave and courageous sign of Aries, says you can develop all that same courage and bravery. April Full Moon in Libra enhances your appreciation of beauty in all its many forms. The romantic side of your nature can revel in this.
