Above the tree, the words "LIVING LEGACY TREE" are written in a curved, golden font. Several white birds are depicted in flight around the tree. At the base of the trunk, there are four small, yellow, leaf-like shapes.

## Astro Insights by Carol (CJ) Bonni

Happy New Year! The January New Moon occurs at 12 degrees of Capricorn on January 2, 2022 at 1:34 PM. Venus, Pluto and the asteroid Juno all cluster in Capricorn at the New Moon. That's a lot of energy concentrated in Capricorn planets, encouraging us to think outside the box.

Full Moon occurs at 6:48 PM January 17 at 27 degrees of Capricorn-Cancer, continuing the theme of setting high goals and being willing to work at achieving them. Pluto is now conjunct the Sun, adding intensity and determination to succeed. The Full Moon at 27 degrees of Cancer suggests that emotions will also be intense. Neptune adds an unearthly and dreamy quality to the Full Moon. Seek spiritual guidance at this time.

February New Moon occurs at 12:45 AM on February 1 at 12 degrees of Aquarius an air sign. Saturn in close proximity to the New Moon helps us stay focused on those goals we set last month. The planets in Capricorn sending their combined energies are still influencing our thoughts; now Mars has joined the Capricorn party along with Venus, Mercury, Pluto and the asteroids Vesta and Juno. Uranus in Taurus is keeping things lively and exciting by keeping all those planets in Capricorn from getting stuck in the mud.

February Full Moon occurs February 16 at 11:56 AM on the Aquarius Leo axis at 27 degrees Aquarius/Leo. Meditate on the warmth of the Leo Moon and free spirit of the Aquarius Sun. A welcome relief from the heaviness of Capricorn!

### ***Here's your Sun Sign forecast for January and February:***

**(February forecast):** The New Moon falling in your sign is especially favorable for you. Now is the time to focus your attention on your personal needs. The spotlight belongs to you. Two weeks later at the Full Moon in Leo you are inclined to share that spotlight with a significant person.

**Pisces (January forecast):** New Moon in Capricorn puts your energy into matters of networking, building new friendships and making plans for future projects. Moon in Cancer helps you to bring closure to a situation involving your children (if you have any) or perhaps a romance that you have outgrown.

**(February forecast):** New Moon in Aquarius urges you to retreat from the busyness of the everyday world and find a quiet spot on the beach to replenish your energy. Full Moon in Leo urges you to shine your happy light on those who need it most.
