## We Welcome You To Our

**Sept. 25, 1960 - Sept. 25, 2022**

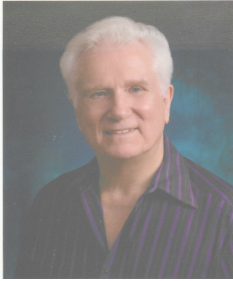

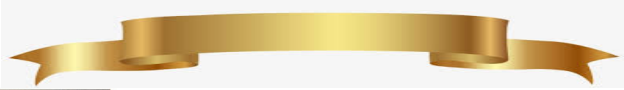

**Temple of the Living God of St. Petersburg**

**An Interfaith Metaphysical Community Church**

**1950 Second Avenue North, St. Petersburg, FL 33713**

**Bi-Monthly News Bulletin - September - October 2022 - Vol. 66, No. 7, 8**

**Visit us at: [www.tlgtemple.org](http://www.tlgtemple.org) Contact us at: [tlgchurch@verizon.net](mailto:tlgchurch@verizon.net)**

62 years ago, the Temple of the Living God was formed on the vision of three ministers: Rev. Laurine Stroud, Rev. Lamar Keene, and Rev. Ramon Noegel and a host of spiritual teachers and angels. A core group of very dedicated men/women who became the founding members, strong of mind, body and spirit, committed time, talent and treasure to enable

the doors to open and rejoiced to see it become a reality.

1. There was an evident need for a new spiritual community that offered a safe and sacred place for metaphysically minded and spiritually orientated people to come together. And so it was born Sept. 25, 1960, 7:30 p.m.

The church community flourished. One of the major focus points for the future is the need for a strong church community such as ours to be available and resilient for the our unfolding expansions.

If the pandemic crisis in our world has revealed anything of value - it is how interdependent we are upon one another in a safe world, a wholesome environment and the need for a conscious and a spiritually focused community.

At the Temple we have a family of people who share a very common connection - inner and outer in a philosophy that teaches wholeness - goodness - spirituality which is available to everyone regardless of background or the specific persuasion of one culture or creed. We believe the Presence of God to be within everyone and thus available to all ... equally.

It is necessary to continue to show respect for everyone and the many variables in our respective lives!

2. We bring a spiritually focused metaphysical education forward ... a philosophy that embraces the sacredness of all life, each and every kingdom, and ultimately ALL peoples, races, colors and life style persuasions.

We have begun this process. Of course the pandemic has influenced us and affected us. Our larger work is meant to share our message in a safe way. As many of you know, we now regularly use the technology of YouTube and Zoom. But all things technological are going to be expanded upon in the years ahead. It must be part of our outreach. We

also use video to broadcast our Sunday Services and other special services. Technology is absolutely a major part of education ... and the future.

3. I see significant leadership in the growth of the Temple in the next 2 - 5 years becoming more important. Not only teachers in the leadership at the helm of the church, but men/women who can teach our message on line and speak publically in the community to groups and requests for our message. Thus it is incumbent that we educate and offer trained people to share this message.

Your support financially and *your presence* is crucial for all of these directions. With assurance that God is the Source of our supply, we will achieve these goals and directions ... as we move forward.

I wish to deeply and profoundly thank all our members near and far away for your support. It is invaluable and without you we could not exist.

To Rev. Karmene Lusi, 1st Lady of the church, your constancy, caring, creativity and all around assiduous attention to detail, inspiring talks, loyal leadership blesses us all. Thank you and may 2022 and the year ahead be gentle, grace-filled and blessed with increasing success and all things good.

# Astro – Insights for September and October

by Carol (CJ) Bonni

Full Moon occurs at 5:59 AM on Saturday, September 10th at 17 degrees and 41 minutes of Pisces. A full moon in any sign always reflects the energy of the Sun in the opposite sign. This month the full moon in Pisces is absorbing and then reflecting the energy of the Virgo Sun. This is such a lovely dance. The two luminaries breathe in each other's energy starting 3 days before the Full Moon and the energy exchange increases in intensity until it is exact on September 10th and then for another couple of days the energy exchange begins to wane. Pisces Full Moon reminds us of the interconnectedness of all life on this planet and the Sun in Virgo reminds us of our need to nourish ourselves.

New Moon occurs Sunday, September 25th at 5:55 PM at 2 degrees and 49 minutes of Libra. Libra is all about seeking balance by recognizing that what we see in others is truly a reflection of self. Venus and Mercury are very close to this Lunation, inspiring us to share our thoughts in loving ways.

## **Overview for October:**

October Full Moon occurs on Sunday, October 9th at 16 degrees and 33 minutes of Aries, reflecting the light of the Libra Sun. This month the dance between the Lights is something of a waltz, with the Aries Moon wanting to move to an up-tempo polka and the Libra Sun wanting the slower more romantic tempo of a waltz. There is tension in this month's Full Moon. As with all Full Moons they appear to be full for 3 days prior to the exact degree and still appear full for 2 days after although the energy is lessening.

October New Moon occurs on Tuesday,

October 25th at 6:49 AM at exactly 2 degrees of Scorpio, accompanied by Venus, also at 2 degrees of Scorpio, urging us to reach out to estranged loved ones and heal the wound. Throw

in a Solar Eclipse and you have even more reason to heal and transform any lingering thoughts of unforgiveness.

## **Your message for September and October:**

**ARIES:** Throughout all of September and October Jupiter and Chiron are both in Aries bringing healing energies and a feeling of good will and optimism. Put all that high energy to good use: share your sense of optimism and your strength with those closest to you. Let your mind and your heart be healed.

**TAURUS:** Uranus continues its tumultuous journey through Taurus, shaking loose whatever prevents you from attaining what you came to the planet to do. This can happen in your mind, in your relationships, in your outworn beliefs. Uranus function is to clear out the deadwood. The keyword here is liberation. Breathe in that lovely feeling of freedom.

**GEMINI:** Mars, planet of action, bravery and courage, has been in Gemini since August and it will stay in Gemini through the end of this year and into next year. If you have been feeling sluggish, this is just the pick-me-up you have needed.

**CANCER:** Your innate desire to give everyone in the world (well at least everyone in your world) a great big comforting hug, is supported and encouraged by the planetary energies during September and October. The world needs more huggers and those you hug will feel encouraged to spread those comforting energies. Like the Energizer bunny, the energy of hugs just keeps going and going and going. Your mission in life, MoonChild, is to keep those hugs going.

**LEO:** Saturn's function is to provide structure and stability in our lives. This is usually accomplished by putting obstacles in our way so that we will slow down and practice caution. Saturn has been in Aquarius, opposite your Sun, so you have been experiencing this important life lesson. Take heart Leo, Saturn will move out of Aquarius by Spring of next year and you will feel as if your burdens have been lifted.

**VIRGO:** In September and October both Venus and Mercury in Virgo are doing their planetary energy exchange with Neptune in Pisces. If you aren't currently keeping a dream journal, I strongly encourage you to start one during September and October. You will be amazed and inspired.

**LIBRA:** New Moon in September presents new opportunities. Be on the lookout for them and be prepared to take action. Full Moon for September highlights your gift of healing. The message for October is be brave, follow your heart. Meditate on inner balance.

**SCORPIO:** September planetary energy looks more favorable for you than October yet there is something good to be said for both months. First of all, Neptune continues to smile at Pluto, your ruling planet. This has been going on for months and will continue for many more. Neptune softens anything it touches so this makes Pluto less forbidding. Keyword here is transformation. Your dreams may reflect this theme. Jupiter continues its dance with Mercury. There may be news about an opportunity. Sometimes you have to dig deep to recognize the opportunity. You are blessed.

**SAGITTARIUS:** Mars, the planet which encourages the qualities of courage and bravery, is in the sign of Gemini from now until the end of the year and somewhat beyond. Mars in Gemini presents a dynamic aspect to your Sun in Sagittarius, giving you the opportunity to examine the many diverse ways in which can put this energy to good use. The Full Moon in September has you feeling a little edgy. September New Moon in Libra is calming. October Full Moon in Aries absorbs the energy of the Libra Sun and reflects it back. Watching this energy exchange never gets old. New Moon in October at 2 degrees of Scorpio along with Venus also at 2 degrees of Scorpio is a powerful concentration of transformative energy. Use this powerful energy to transform what has become stagnant in your life.

**CAPRICORN:** The energy of the Full Moon in September is enhanced by the planet Neptune, which promises dreams of spiritual unity. This is especially meaningful for you Capricorn. The September New Moon in Libra is dancing with Jupiter in

Aries. There is a feeling of lightness in this new moon, full of good humor and optimism. October Full Moon in Aries is in close conjunction with Chiron the asteroid which signifies healing. Open your consciousness to this healing energy.

October New Moon has the Sun and Moon and Venus all at 2 degrees of Scorpio. This highly concentrated energy is best put to use through its power to transform. The presence of Venus says do it in a loving way.

**AQUARIUS:** September Full Moon in Pisces dancing with the Virgo Sun. Moon in Pisces wants to dance in free form and Sun in Virgo must plan and organize the process. Meanwhile Aquarius is amused by the whole process. New Moon in Libra in September finds a strong and true friend with the presence of Jupiter in Aries. October Full Moon in Aries conjunct Chiron reflects the Libra Sun conjunct Venus. A very interesting dance, with one set of partners across the room from another set of partners. Message for Aquarius is to find your own center of balance while the planetary dance goes on.

**PISCES:** September Full Moon at 17 degrees of Pisces, reflecting the energy of the Virgo Moon. This Full Moon is especially meaningful to you Pisces, as it brings out your romantic side. The Sun in Virgo reminds all of us to be mindful of what we eat and drink at this time. September New Moon at 2 degrees of Libra echoes this feeling that romance is everywhere. October Full Moon at 16 degrees of Aries, with Chiron the planet of healing close by at 14 degrees of Aries. The Sun at 16 degrees of Libra along with Venus at 13 degrees of Libra invite Moon/Chiron the dance. This is a truly lovely dance. Message for you Pisces is to listen to what your heart is telling you.
