Behold I Make All Things New

by LeRoy E. Zemke

And He who sits on the throne said, “Behold, I am making all things new.” And He said, “Write, for these words are faithful and true.”

Rev. 21:5

Awaken, O people of earth!

Unbind the fetters of stone hearts, that balance and harmony may be restored! O nations of earth, bless the One Spirit! O people of the world, gather together in unity! O children of Light, radiate blessings to the universe! Surrender yourselves to Love! Blessed be You, O Beloved, Breath of our breath! Praises be to your Holy Name!

Psalm 135

Taken from: *Psalms For Praying - An Invitation To Wholeness*
by Nan C. Merrill

The deep, gentle urging call of the Infinite, the Source of All Life, is to awaken to the wonder of existence. While we can not know, certainly not at ordinary levels of awareness, what or how this profoundly subtle push toward awakening unfolds, it opens as a process that every known realm of science confirms.

A church ministry is ever an evolving experience. It’s a living entity, an organic community that is vital, ever renewing, regenerating itself, ever unfolding into more of what it is to be! Across the past 64 years of our existence I’ve come to observe that nothing, no one and no part of life stays the same. The more we attempt to keep it fixed and focused, the more it changes, grows and emerges.

In the early years for example, we created a fledging gift and bookstore which ultimately serves a new and growing community of people.. Across the years many very gifted people dedicated time, talent and untold hours to make it a positive and fulfilling part of the Temple’s inherent message.

The Temple’s ministry is unique in the sense that God has blessed us with brilliant leaders, dedicated teachers, healers, outstanding guest speakers and an enthusiastic and committed congregation that has actively supported our programs and our message across the past 62 years. As ministers, teachers and Executive Board of Directors have retired, moved on, another group of persons have stepped into the landscape and taken up the unfolding work!

The future of the Temple is ever in the Hands of the Almighty.
We are a divine idea in the Mind of God attempting to fulfill our purpose:

Our mission is to assist people in their spiritual awakening and to support them through education, healing, love and service.

As a life long minister since I was some 20 years old, I have an abiding and profound trust in the Divine, the Power of God that is available to me. I know beyond my intellect, beyond my emotions, that God is in charge, not only of this ministry, but of all its people, members and friends. God is in charge of our unfolding hopes, dreams, wishes, goals and new direction. Our collective work is to be receptive, allowing and open as well to the subtle inner push of the Infinite.

We are part of the tapestry called the Temple of the Living God. New threads begin to appear upon the pattern so that the story of who we are shall be known, revealed and externalized in the year and years to come.

Look to this day!
For it is life, the very life of life.
In its brief course

Lie all the verities and realities of your existence:
The bliss of growth
The glory of action
The splendor of achievement,
For yesterday is but a dream
And tomorrow is only a vision,
But today well lived makes every yesterday a
dream of happiness
And tomorrow a vision of hope
Look well, therefore to this day!
Such is the salutation to the dawn.

Kalidasa

As I get older I became aware of the folly of this perpetual reaching after the future, and of drawing from tomorrow, and from tomorrow only, a reason for the joyfulness of today. I learned, when alas! It was almost too late, to live each moment as it passed over my head.

Astro – Insights for January and February

by Carol (CJ) Bonni

January begins with Mercury retrograde in Capricorn, but the retrograde period ends mid-month. Mars also begins the month retrograde in Gemini and resumes direct motion on the 11th. Here's an interesting side note about Mars: normally Mars stays in the same sign for approximately 5 months. This time Mars has stayed in the same sign (Gemini) for a whopping 9 months! This is extremely unusual. Mars entered Gemini back in August of last year and finally leaves in March of this year. That means we have had plenty of opportunities to learn what Mars in Gemini has to teach us.

January 6th Full Moon at 16 Cancer and the Sun at 16 Capricorn holding Mercury in a tight embrace at 17 Capricorn. Pluto is nearby at 27 Capricorn still whispering warnings about the need to reform and transform Big Government, Big Business, the media, the high tech industry, the economy, and power struggles in all these areas. The good news is that Pluto will visit Aquarius briefly later this year giving us a preview of things to come. It will once again re-enter Capricorn and stay there through the end of this year and into next year, giving all of us a chance to tie up loose ends, take care of any unfinished business and be ready for Pluto to take up a long residence in Aquarius and focus its transformational energies on a more humanitarian way of living.

The New Moon on January 21st is at 1 degree of Aquarius with Pluto hovering nearby at 27 degrees of Capricorn. Venus and Saturn are closely connected at 23 and 24 Aquarius, reminding us to get out of our comfort zone and be open to new possibilities, new friendships, and a new way of thinking.

February has all the planets in direct motion meaning the energy is much calmer this month. Full Moon on the 5th in Leo favors entertaining, while the Sun in Aquarius is happy to have the support of Saturn, also nearby in Aquarius.

New Moon on February 20 at 1 degree of Pisces, along with Venus and Neptune. Oh bring out those rose colored glasses and your dancing shoes and be ready for romance to come knocking on your door!

PARIES: The January Full Moon in Cancer has Jupiter and Chiron in your sign and you are feeling happy and confident. The focus at the New Moon in January at 1 degree of Aquarius is on community discussion groups. Your ruling planet Mars is still in Gemini, giving you more time to sharpen your communication skills. Don't hesitate to join the discussion.

February Full Moon in Leo has happy vibration as it reflects and balances the more serious energy of the Sun in Aquarius. Let your inner child come out to play. New Moon in February at 1 degree of Pisces with Saturn in very close conjunction at 28 degrees of Aquarius, providing a steadying influence.

TAURUS: The very emotional January Full Moon in Cancer is reflecting and balancing the rather unemotional Capricorn Sun. Meanwhile Uranus, still in Taurus, and in strong supportive aspect to both the Moon and the Sun provides some unexpected surprises. Enjoy the ride! January New Moon at 1 degree Aquarius has you looking forward to a bright new world. Hold on pilgrim, Pluto is only 1 degree away from your Sun, reminding you to let go of any thoughts you have been holding on to that are ready to be transformed so that your mind can be open to accept that vision of a bright new world.

February Full Moon in Leo reflects the light of the Sun in Aquarius, both at 16 degrees and close enough to Saturn to feel its message of caution and moderation in all things. New Moon at 1 degree of Pisces with Saturn still only 2 degrees away. Saturn's message for you is slow down, live in the moment.

GEMINI: January Full Moon in emotional Cancer has you on edge. The Full Moon reflects the energy of the Sun which is in the disciplined sign of Capricorn. This should help calm your nerves. January New Moon at 1 degree Aquarius has your busy mind making plans for the future. Pluto in close conjunction to the Sun/Moon reminds you to examine whatever areas of your life are in need of transformation.

February Full Moon in Leo would probably rather play on its own stage instead of doing its one and only job at the Full Moon and that is to reflect the light of the Sun in Aquarius whose attention at this time is on what is good for the community. New Moon at 1 degree of Pisces has only 1 aspect and that is a close conjunction to Saturn only 2 degrees away at 28 Aquarius. Saturn still has a starring role, and it is all about time management. Again, the message is to stop what you are doing, slow down, and stay in the present moment.

CANCER: The very emotional January Full Moon in Cancer balances and reflects the steady Capricorn Sun, which is in a close conjunction to Mercury the messenger of the Zodiac. Uranus in Taurus is forming a supporting aspect to both the Moon and the Sun, and because Uranus is known to be unpredictable he just might turn the Messenger into a Trickster. Look to Saturn in Aquarius for the structure you need. January New Moon at 1 Aquarius holds the promise of a more humanitarian society. Pluto in Capricorn is only 2 degrees away from the Sun reminding you to let go of any limiting thoughts and ideas that you have outgrown and allow Pluto to transform them. Then hold that vision of a more humanitarian society.

February Full Moon in regal Leo reflects and balances the quirky Aquarius Sun. As a Cancer native, you are warmed by the fiery Leo Moon and intrigued by the electric energy of Aquarius. Saturn is still very close to the Sun where it can contain the Leo Moon's exuberance. New Moon is at 1 Pisces, and your thoughts turn to the possibility of a new romance or the rekindling of an old one.

LEO: January Full Moon at 16 Cancer; Sun at 16 Capricorn. Mercury at 17 Capricorn is so closely connected to the Sun you could say they are inseparable. Mercury's function here is to process information for distribution. January New Moon at 1 degree of Aquarius, a very progressive sign, is looking forward to a bright new future. Pluto is still in Capricorn, only 2 degrees away from the Sun. It's the pull of the past, versus the drive to discover new ways of creating a world that works for everyone. Pluto's message for you to let go of anything or any ideas that you have outgrown to be transformed so that you can fully embrace that vision of a more humanitarian way of life.

February Full Moon at 16 Leo is balancing and reflecting the Sun in future oriented Aquarius. The Sun is widely conjunct Saturn at 26 degrees of Aquarius. Saturn's message is to be more fully conscious of your surroundings, stay alert, and be ready to follow your path cautiously. New Moon in February at 1 degree of ready-for-romance Pisces, conjunct Saturn 2 degrees away at 28 Aquarius. Saturn's role is to provide safety and structure. Saturn's message for you is to practice patience and caution in all things.

VIRGO: January Full Moon at 16 Cancer, Sun 16 Capricorn. A very emotional Cancer Moon reflects and balances the pragmatic Sun in Capricorn. January New Moon is at the first degree of Aquarius, making this a great time to begin taking steps toward a more enlightened way of living.

February Full Moon in regal Leo at 16 degrees, reflecting the Sun in freedom loving Aquarius. Saturn is in close proximity to the Sun, providing structure and security. The full moon, regardless of what sign it is in, has only one job: to reflect the energy of the Sun. Here the Sun in Aquarius sees a more humanitarian world consciousness; Leo Moon reflects and supports this vision. New Moon at 1 degree of dreamy romantic Pisces with Saturn 2 degrees away at 28 Aquarius providing a dose of reality as antidote for Pisces desire to escape from this world and spend more time in dreamland. Saturn's message for you Virgo is to hold onto your humanitarian aspirations.

LIBRA: January Full Moon at 16 Cancer, Sun at 16 Capricorn. The Capricorn Sun is authoritative. Cancer Moon is emotional. The Moon's job is to reflect and balance the energy of the Sun. Uranus in Taurus forms a supportive aspect to both the Sun and the Moon encouraging you to break out of the confining roles you have adopted and set yourself free. New Moon at 1 degree of Aquarius

defining and awakening the need to break free of limitations. Pluto represents transformation. It is only 2 degrees away from the New Moon at 28 degrees of Capricorn. Wherever you are holding on to ideas about holding onto the past, allow your mind to be transformed. The message of this New Moon is Liberation!

SCORPIO: January Full Moon at 16 Cancer, Sun at 16 Capricorn. Sun in Capricorn is steady and reliable. Full Moon in Cancer is very emotional. Moon reflects and balances the Capricorn Sun. Uranus in Taurus forms a strong supportive aspect to both the Sun and the Moon. Its message at this Full Moon is to loosen up and expect the unexpected. Scorpio, you are much attuned to the emotional Cancer Moon, and you, more than anyone, can appreciate Cancer's need for privacy. January New Moon at 1 Aquarius with Pluto very close at 28 Capricorn. Here is the old guard, concerned with preserving tradition standing alongside the Aquarian New Moon whose focus is on moving into a more enlightened way of thinking.

SAGITTARIUS: January Full Moon at 16 Cancer, Sun at 16 Capricorn. Capricorn is stern and authoritative, Cancer is soft and emotional. The Moon's only job is to reflect and balance the energy of the Sun. Here the Moon's desire to nurture balances the Sun's desire to provide safety and security. New Moon at 1 degree of Aquarius, and Venus and Saturn at 23 and 24 degrees of Aquarius. This is a lot of emphasis on personal freedom from restraint. The message for you is Liberate yourself!

February Full Moon at 16 Leo, Sun at 16 Aquarius. Aquarius is often unpredictable, humanitarian and inventive. Leo is regal, proud and generous. The Full Moon has only one job: to reflect and balance the Solar energy. Here the Moon's desire to attach to loyal people reflects and balances the Sun's desire to be free of all restraints. February New Moon at 1 degree of Pisces, with Saturn in a tight conjunction at 28 degrees Aquarius. Pisces sees the world as one great interconnected whole, no boundaries. Emotionally, Pisces feels everyone's pain. Saturn's message to you is find guidance hidden in your dreams

CAPRICORN: January Full Moon 16 Cancer, Sun 16 Capricorn. The Full Moon has only one job: to reflect and balance the energy of the Sun. Sun in Capricorn is authoritative, disciplined and very traditional. Sometimes a bit standoffish. Moon in Cancer is very emotional, sensitive and needy. Moon in Cancer's desire to be needed is balanced by Capricorn's desire to provide safety and security. New Moon at 1 degree Aquarius, and both Venus and Saturn are also in Aquarius. That is a lot of focused energy in the sometimes scattered energy of Aquarius.

February Full Moon 16 Leo, Sun 16 Aquarius. Aquarius sees a future that is all inclusive. Leo Moon is loyal and generous. Full Moon has only one job: to reflect and sometimes balance the energy of the Sun. This Leo Moon reflects Aquarius vision of a future that includes all humans. Nothing to balance here, they are in harmony. New Moon at 1 degree of Pisces with Saturn at 28 Aquarius offering an antidote to Pisces to desire to escape from a world that is often overwhelming and draining.

AQUARIUS: January Full Moon 16 Cancer, Sun 16 Capricorn. Full Moon in any sign reflects and balances the energy of the Sun. Capricorn Sun is authoritative disciplined and traditional.
